

APPLIANCES

Rebates up to \$300

Appliances can account for about 12 percent* of your home's energy costs. Upgrading to energy-efficient appliances can help save you money on your energy bills.

ENERGY STAR® certified clothes washers use about 25% less energy and 33% less water than non-ENERGY STAR certified washers.* Upgrade to ENERGY STAR certified clothes washers and gas dryers and you may be eligible to receive a rebate for up to \$100 on the purchase of a clothes washer, and up to \$200 on the purchase of an eligible gas dryer when you apply through the ETG Appliance Rebate Program exclusively for Elizabethtown Gas residential customers.

Appliance Rebates		
Eligible Product	Requirements	Rebate Amount
Clothes Washer Tier 1	ENERGY STAR® certified – V8.0 Must be fueled by natural gas water heater	\$50
Clothes Washer Tier 2	ENERGY STAR certified – Most Efficient (CEE Tier 2) Must be fueled by natural gas water heater	\$100
Clothes Dryer Gas	ENERGY STAR certified	\$200

HVAC AND WATER HEATING

Rebates up to \$1,750 and 0% APR Financing

Great, newly increased incentives for equipment installed July 1, 2023 or later!

As much as half of the energy used in your home goes toward heating and cooling.* Making smart decisions about your home's heating, ventilating, and air conditioning can have a big effect on your utility bills.

Installing energy-efficient equipment has never been easier or more affordable. When you upgrade your HVAC and/or water heating system to high efficiency, you may be eligible for rebates and incentives for each piece of qualifying equipment. This includes rebates up to \$1,750 on select HVAC equipment and up to \$15,000 at 0% APR financing for 7 years through our On-Bill Repayment Program (OBRP).**

Participation is Easy

You must be an Elizabethtown Gas (ETG) residential account holder at install address.

1. Choose the recommended energy-saving improvements you want to make.
2. If you plan to finance the project, an ETG Participating Contractor is required.
3. Schedule an appointment with the contractor at a time that is convenient for you.
4. The contractor will assist you with completing the rebate application for measures completed at your home and submit on your behalf.

Find a Participating Contractor at
[ETGSaveEnergy.com](https://www.ETGSaveEnergy.com)
