

At or Below 250% of the Federal Poverty Guidelines?

Check out the **NJ Comfort Partners Program**: Comprehensive home audit and energy-saving measures at **no cost to you**.

Program representatives will work with you personally, in your house or apartment, to evaluate the current level of energy efficiency in your home. They'll review many factors that affect your energy use – including home heating and cooling, water heating, lighting, and major appliances. They'll teach you and your family members new ways to conserve energy and help you create an action plan to support your efforts.

Eligibility Requirements

The Comfort Partners Program is available to most New Jersey homes with significant energy use, and a household income at or below 250% of the Federal Poverty Guidelines as listed in the table below:

2023 Income Guidelines (250% of the Federal Poverty Guidelines)	
Family Size	Maximum Total Gross Income
1	\$36,451
2	\$49,301
3	\$62,151
4	\$75,001
5	\$87,851
6	\$100,701
7	\$113,551
8	\$126,401
For family units with more than 8 family members: Add \$12,851 to the total gross income for each additional member.	

Call CleaResult, a NJ Comfort Partners subcontractor, at **1.800.915.8309** for more information.

ENERGY-SAVING PROGRAMS

Home Weatherization
for Income-Qualified Customers

Home Weatherization for Income-Qualified Customers

FREE In-Home Audit, Testing, Repairs, and Upgrades

Energy efficient products and weatherizing your home can help reduce energy usage and lower your monthly energy bills.

Elizabethtown Gas (ETG) offers FREE home weatherization services to income-qualified customers.

The **Home Weatherization for Income-Qualified Customers** program includes a FREE in-home audit. During the scheduled audit, a Building Performance Institute (BPI) Certified Participating Contractor will identify improvements that can save you money on your energy bill and help make your home healthier, safer, and more energy efficient.

The contractor will also conduct diagnostic testing and visual inspection of major home appliances and heating/cooling systems for potential health and safety barriers.

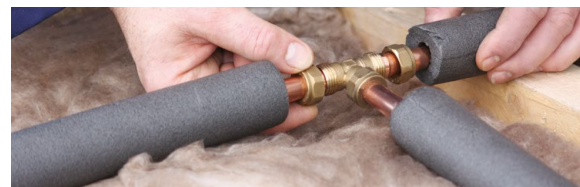

Program Details

During the audit, the contractor may also provide the following at **no cost to you**:

- Showerheads
- Faucet Aerators
- LED Lightbulbs
- Advanced Power Strips
- Smart Thermostat

After the audit, the contractor will discuss the findings and recommendations with you. You'll also receive a personalized report summarizing energy saving opportunities and then the contractor will return to install your selected measures:

- Air & Duct Sealing
- Insulation

To schedule an appointment please call
1.833.493.0692
